## KIRAN RAJPUT

### CREATIVE DESIGNER

A creative visionary with a passion for storytelling, design, and brand experiences. Specializing in digital, print media, video content, and strategy, my approach blends creativity, strategy, and emotional depth to craft brand experiences that make a lasting impact. With a consumer-first mindset, every project is designed to create meaningful connections and drive real results.

Beyond designing, writing has been another avenue of expression. As a published writer (Emotions Ka Pitara, Serenade of the Stars), I enjoy exploring ideas through poetry and shayaris. Alongside this, as a certified Reiki Teacher, I guide others in energy healing for emotional, physical, and spiritual well-being.

Creativity is my language, strategy is my approach, and impact is my goal.
